

Successfully Housed

The successful housing destination most often achieved throughout the second quarter of 2016 was Rental by Client, with No Ongoing Subsidy (302), followed by Rental with Other Ongoing Subsidy (106).

During the months of April, May, and June of 2016, adults and children exited homelessness to the following permanent housing destinations:

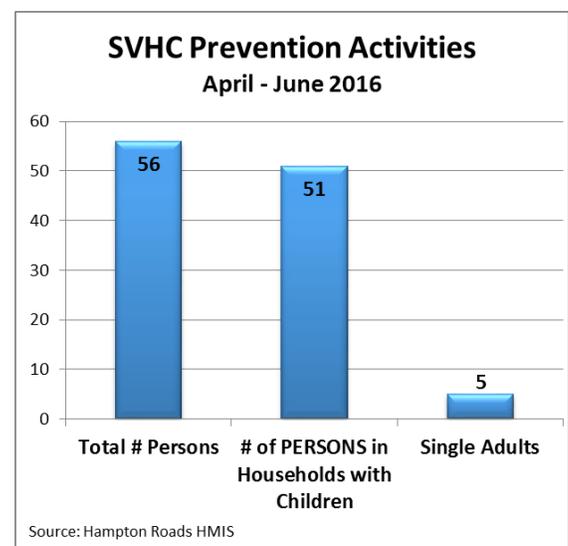

- VASH rental (5)
- Permanently staying with family (21)
- Rental with other ongoing housing subsidy (106)
- Rental by client, no ongoing subsidy (302).

These numbers represent a **40% increase** in the number of permanent housing exits, when compared to the first quarter of 2016.

Homelessness Prevented

56 new people were served through Prevention programs that participate in HMIS over the second quarter of 2016. It is important to note there are other prevention-related activities that are not represented in HMIS, including diversion and services provided by the faith community. This quarter, we are excited to highlight the **addition of prevention programs that contribute data to HMIS**. Without these interventions, many more individuals and families would likely have experienced homelessness.

Community Spotlight

The Southeastern Virginia Homeless Coalition (SVHC) conducted an inventory of utilized and unutilized housing programs in conjunction with the 2016 Point in Time Count to fulfill the requirement of the U.S. Department of Housing and Urban Development (HUD) on January 26-27, 2016. Overall, 23 organizations participated in the Inventory, with a combined total of 52 Housing projects, of the following types:

- Emergency Shelter,
- Transitional Housing,
- Permanent Supportive Housing,
- Other Permanent Housing, and
- Rapid Rehousing.

1,706 beds were being utilized, giving a 90% utilization rate.
